ABOUT ME

Hi, I'm Ana.
Computers have always been a passion of mine since I was young.
I started studying programming, and now I'm seeking a job opportunity where I can apply what I already know while being eager to learn new things.

LATEST PROJECTS

Movies App

An app crafted using React, HTML, and CSS that interacts with the MovieDB API. Users can search, select, and remove movies to create a personalized favorites list.

Advice Generator App

Built using React, HTML, and CSS, this application seamlessly integrates with the Advice Slip API. Users can generate random advice with a click.
